Resources

FCH Behavioral Health Program

1-800-808-0450

Access to nurses and Behavioral Health case managers at First Choice Health.

National Suicide Prevention Lifeline

9-8-8

Free and confidential support for people in distress, 24/7.

National Helpline

1-800-662-HELP (4357)

Treatment referral and information, 24/7.

Teen Link

1-866-833-6546

Speak with teen phone worker, 6pm-10pm PST.

WA State Recovery Help Line

1-866-789-1511

Help for substance abuse, problem gambling and mental health, 24/7.

Introduction

This resource directory from First Choice Health (FCH) lists Behavioral Health facilities throughout the United States which are considered in our Provider Network. If you or a family member are looking for a facility to treat Substance Use or Mental Health issues, we recommend that you consider one of the locations listed in this directory.

If you have any questions or need help using this directory, please contact First Choice Health at 1-800-467-5281 or contact@fchn.com. Please keep in mind that this directory is not meant to be an exhaustive list of Behavioral Health organizations, but a list of facilities contracted with our organization that is regularly reviewed and updated.

How to use this directory

Facilities listed in this directory are organized into sections for Substance Use and Mental Health, based on licensure. Facilities are further categorized by state.

Each entry in this directory includes the following information: Name, Address, Contact Info, Types of Treatment Offered, and Populations Served (children, adolescents, men, women).

Quick search feature

If you are using an electronic PDF copy of this directory, you can search for specific locations or treatments by pressing the "Ctrl" key and the "F" key at the same time then typing in a search term or keyword. This will allow you to search for specific words that appear in the directory, and jump directly to that page. For example, you may search for words like "Montana," "Florida," "Detox," "Adolescents," or any other word to help narrow your search.

Disclaimers

This directory was updated October 2022 and all listed facilities are confirmed in network with FCH. Listings will be reviewed and updated regularly. Please contact us to confirm facilities' network status, cost, and eligibility information.

This directory is provided solely as a service to the user, and it contains information provided to FCH by the listed organizations or gathered from these organizations' websites. This material is for informational purposes only. FCH believed this information was true when published, but FCH does not guaranty its accuracy, and it is provided on an "as is" basis.

This directory does not provide information regarding cost, service fees, or eligibility requirements. For information on cost, please contact First Choice Health at 1-800-467-5281 or contact@fchn.com.

Use of this directory, and the selection of any service or provider from it, is the sole responsibility of the user.

FCH Behavioral Health Program

This program is provided by some employers. Ask your employer if this program is available at your company.

The First Choice Health Behavioral Health Program is a service designed to help you and your family members understand your options, get the assistance you need, and navigate the healthcare maze when you have a behavioral health issue you'd like to address. Behavioral Health Case Managers are licensed counselors who bring extensive clinical knowledge and resources to support recovery from both mental health and substance use problems.

Mental health affects your emotional, psychological, and social well-being, and includes illnesses such as depression and anxiety. Mental health problems are common but help is available. People with mental health problems can get better and many recover completely.

Substance use or dependence is a pattern of use or abuse of drugs or alcohol that causes problems or distress, which continues even when significant problems related to their use have developed. Inpatient and outpatient treatment options are available.

You, your family member, one of your care providers, or your benefits manager may contact First Choice Health's Case Management department by phone at **800-808-0450**.

Our nurses and Behavioral Health Case Managers at First Choice Health are here to provide help:

- Provide you with free, voluntary, and confidential assistance
- Work with you over the telephone to identify needs and create a plan
- Understand mental health therapies and medicines
- Find a counselor or program
- Develop a care plan tailored to your needs
- Ensure your care team is working together smoothly
- Advocate for you to obtain the most appropriate and cost effective care
- Help you understand your diagnosis and make decisions regarding your healthcare
- Support and guidance to reach your treatment goals
- Transition from inpatient to outpatient care
- Provide support and resources for you and your family
- Provide assistance with basic questions regarding claims

Substance Use Treatment Facilities

Substance use treatment facilities are used for individuals who have substance use issues/concerns or identified abuse for treatment of substance use disorders. These facilities may offer mental health counseling, as indicated in the listings.

Types of facilities / treatment:
